EU IMPORTATION FOR VETERAN AIRCRAFT AT 5% VAT!

Dear Sir/Madam

Aircraft importation service provider, OPMAS, in Denmark, (who the vintage aircraft enthusiast might recall owned and flew the pristine Beech 18 "Great Danes" around Europe for a while) is able to assist vintage aircraft owners or operators importing their aircraft at a rate of 5% VAT and 0% duty.

The aircraft must be minimum 35 years old and be in original or similar condition. Restored aircraft are OK. A modified air racer like modified P51 "Galloping Ghost" would probably not qualify... ;-)

OPMAS will always ask for a written approval up front from Danish Customs, so there is no risk whatsoever for the importer. All import documentation paperwork will be in the name of the owner. No sale or other transactions are required.

We have dealt with aircraft importation and transactions for almost 2 decades now. We invented the original "Danish Route" and we know what we are doing. We have impeccable references. Just ask. We have had several of the aircraft we have imported inspected by Customs Authorities in other EU member states incl. France, Germany and the UK and we have NEVER had any difficulties. We strive to provide a service that is without comparison.

If you have any questions please do not hesitate to contact us at your convenience.

Best regards
OPMAS
